

User Guide

In Admin panel you need to enable this module under **store >**

configuration > Bluethinkinc > Order Delete

There are one option to enable/disable module If

enable Order Delete button then select Yes.

The screenshot shows the Admin Panel Configuration page for Bluethink Inc. The left sidebar contains navigation links: DASHBOARD, SALES, BLUETHINK, MENU, and CATALOG. The main content area has a yellow warning banner at the top stating: "One or more of the Cache Types are invalidated: Configuration. Please go to [Cache Management](#) and refresh cache types." and "System Messages: 1". Below the banner, the page title is "Configuration". The "Scope" is set to "Default Config" with a help icon. A red "Save Config" button is visible. The "BLUETHINK INC" section is expanded, showing "General Configuration". Under this section, the "Order Delete" module is listed. The "Module Enable" dropdown is set to "Yes" (with "[global]" below it).

One or more of the Cache Types are invalidated: Configuration. Please go to [Cache Management](#) and refresh cache types. System Messages: 1 ▼

After delete order look like as below.

[illegible]

Administrators can provide the authority to the admin users who can access this feature.

System > User Roles > Select Role > Roles Resources > Resources Access

The screenshot displays the 'Administrators' management interface. On the left is a vertical sidebar with icons for various system functions: Dashboard, Sales, Bluethink, Menu, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main header area includes the title 'Administrators', a search icon, a notification bell, and a user profile dropdown labeled 'admin'. Below the header, there are buttons for navigation: 'Back', 'Delete Role', 'Reset', and a red 'Save Role' button. The 'ROLE INFORMATION' section on the left contains links for 'Role Info', 'Role Resources' (which is highlighted with a red vertical bar and a pencil icon), and 'Role Users'. The 'Roles Resources' section on the right features a 'Resource Access' dropdown menu set to 'Custom'. Below this is a tree view of system resources. The tree structure is as follows: 'Resources' (expanded) contains 'Dashboard', 'Analytics', 'Sales' (expanded), 'Operations' (expanded), 'Orders' (expanded), 'Actions' (expanded), 'Create', 'View', 'Send Order Email', 'Delete' (highlighted with a red box), 'Reorder', 'Edit', 'Cancel', 'Accept or Deny Payment', 'Capture', 'Invoice', 'Credit Memos', 'Hold', 'Unhold', 'Ship', 'Comment', 'Send Sales Emails', 'Payment Amount Authorization', 'Invoices', and 'Shipments'.
